

# Shariful Kabir Obak

3D Enthusiastic & Video Editor  
Motion Designer  
Visual Storyteller

## PROFILE

Greetings! Creative and detail-oriented visual storyteller with a background in Computer Science and a passion for transforming concepts into compelling visual narratives. Experienced in crafting engaging brand stories, cinematic montages, and realistic architectural renderings that resonate with audiences. Committed to delivering high-quality visual content that combines technical precision with artistic creativity.

## WORK EXPERIENCE

**Video Editor Executive**  
American Integrative Meds  
July 2025 To Present

American Integrative Meds is a healthcare and wellness organization based in the USA. As a video editor, my job is to create and edit medical treatment-related content for the official YouTube channel Dr. Haque ND PhD. I work on transforming raw medical footage into clear, informative, and engaging videos by adding visuals, sound, and graphics. I also ensure that the content is accurate, professional, and audience-friendly to help patients and viewers better understand integrative medicine.

**3D Layout Producer**  
IoT Lab BD Ltd  
May 2024 To April 2025

IoT Lab BD is a local tech farm which is associated with Finland based company named CubiCasa. As a 3D layout producer, my job is to create floorplans according to the instructions given by the client. I do also make walkthrough animations for interior and exterior as well.

**Interior & Exterior Designer (Intern)**  
Creative IT  
February 2024 To April 2024

During my virtual internship at Creative IT, I gained valuable hands-on experience in various software applications crucial to the industry. Working on real client projects gave me practical insights into architectural design processes. I honed my skills in SketchUp, Vray, Lumion, and Enscape, mastering each tool's functionalities.

## EDUCATION

**Bachelor's in Computer Science & Engineering**  
University of South Asia  
2022 To 2025  
CGPA: 3.24 out of 4

**Diploma In Telecommunication Technology**
